**III.D. Contractor Performance Information**

Completed CPARS evaluations are sent to the Past Performance Information Retrieval System (PPIRS) which may then be used by Federal acquisition community for use in making source selection decisions. PPIRS assists acquisition officials by serving as the single source for contractor past performance data.

(2) *CPARS Registration:* Each award requiring an evaluation must be registered in CPARS. The contractor will receive several automated emails. Within thirty days of award, the contractor will receive an e-mail that contains user account information, as well as the applicable contract and order number(s) assigned. Contractors will be granted one user account to access all evaluations.

(3) *Contractor CPARS Training:* Contractors may sign up for CPARS training. A schedule of classes will be posted to the CPARS training site ([CPARS Training](#)) and updated as needed.

(4) *Contractor Representative (CR) Role:* All evaluations will be sent the Contractor Representative (CR) named on your award. The CR will be able to access CPARS to review and comment on the evaluation. If your CR is not already in the CPARS system, the contracting officer will request the name and email address of the person that will be responsible for the CR role on your award.

Once an evaluation is ready to be released the CR will receive an email alerting them the evaluation is ready for their review and comment. The email will indicate the time frame the CR has to respond to the evaluation; however, the CR may return the evaluation earlier than this date.

GSA shall provide for review at a level above the contracting officer (i.e., contracting director) to consider any disagreement between GSA and the contractor regarding GSA's evaluation of the contractor. Based on the review, the individual at a level above the contracting officer will issue the ultimate conclusion on the performance evaluation.

Copies of the evaluations, contractor responses, and review comments, if any, will be retained as part of the contract file.
